Visit Myrtle Beach Beach
2026 Sojern Co-Op Marketing Opportunity

SOJERN + VISIT Myrtle Beach SOUTH CAROLINA

Who is Sojern?

Sojern provides intelligent digital marketing solutions for the travel industry. We know when someone is looking to travel and can influence them to book directly with you. These solutions are now available to you at a value with a co-op program brought to you by Visit Myrtle Beach.

350M
In-Market Travelers

15+
Years of Travel Experience

500+
Tourism Accounts

Why Work With Us?

We've delivered over $13B in bookings for 10,000+ global travel brands including destinations, hotels, attractions, airlines, cruise operators and more. We can help you attract more visitors and drive visitor revenue with the Visit Myrtle Beach Co-Op Program.

How Does Sojern Do It?

We feed a variety of data points into our machine learning technology to understand who to show an ad to when they're actually searching and booking their travel. This allows us to engage and convert them at the right moment, with the right message.

How Does the Co-Op Work?

Visit Myrtle Beach has developed this co-op program to further assist you in driving visitor business. Partners will receive 3X the value on their investment with a match investment from Visit Myrtle Beach and match media value from Sojern.

Once you opt-in, Sojern will work with you to build a custom marketing campaign to best set your campaign for success. All participants will receive access to a portal where you will be able to monitor campaign performance 24/7.
