Conference Recap — All

The conference survey was reviewed and discussed. Overall, everyone had a great experience! The main complaint was the music being too loud. They did like that there wasn't anything going on during lunch to help with networking. Everyone really liked the speakers! Next year's conference date will be held on Oct. 24.

Ladies Golf/Networking Event — Hatton Gravely

Hatton will work with Cindy and the other individuals that were involved in beginning this planning to finalize more concrete events in the next year. The hope is to have a few events each year to connect women and golf. More details to come about events.
